#### 2.3 Core Capital

The core capital of the foundation is unchanged.

#### 2.4 Freely available Capital

The freely available capital changes by allowing the profit of the year.

#### 2.5 Profit of the Year

We follow our principle to invest the donated funds rather than piling excessive reserves. After the loss of CHF 40'478.52 last year, we end the year 2023 with a profit of CHF 34'119.42. While we benefit from the weakening ETB exchange rate, lowering the project expenses, we face a loss from the Euro exchange rate on the income side as both donors, Ecosia GmbH from Germany and Fondation Yves Rocher from France pay their contributions in Euro.

#### 3. Notes to selected Positions of the Income Statement

#### 3.1 Contributions from Public Authorities

No contribution from public authorities applied.

#### 3.2 Donations and Contributions from Companies

The biggest donation is from our partner Ecosia GmbH, Germany, for whom we agreed on significant afforestation activities. Additional exceptional donations are from Circle Concept GmbH, Germany, and from Micarna AG, Switzerland. Many other companies supported various amounts for up to CHF 5'000.00. Compared to last year, a contribution from Balibart-Panopli, France, is missing.

#### 3.3 Donations from Board Members

Many other organizations supported various amounts for up to CHF 5'000.00.

#### 3.5 Donations from Private Persons

#### 3.6 Donations from Collections

Bequest during 2023 amount to a total of CHF 36'000.00.

#### 3.7 Project "Trees for Tigray"

In the three project areas in the Tigray region, we have started our afforestation activities again after the war, with total expenses of CHF 211'460.39. For this, CHF 160'000.00 were used from the Fund "Tigray afforestation" (see 2.2).

#### 3.8 Project "Support Schools - Orchards"

The total amount of CHF 38'950.03 results from different contributions to schools in the afforestation areas. We supported schools in Weliso and Liban (Oromia region), Libokemkem (Amhara region), and Dara (Sidama region). We primarily finance greening of school compounds and teaching material for theoretical and practical ecological activities.

#### 3.9 Project "Support Subsistence Farmers, Donkeys for Women"

In the Tigray region, after the end of the war, we have supported farmers in two project areas with chicken. In view of the drought problems in the South of Ethiopia (Sidamo region), we have again supported the cultivation of false bananas and oilseeds. In 2023 we also supported women and youth organizations in other project regions, especially Amhara, primarily with vegetable seeds and with the delivery of beehives. We also spent CHF 13'997.92 on the donkey project to relieve women from carrying heavy burden. The total expenses of CHF 77,726.91 is lower than in the last year, which was high in order to fight against impending hunger in parts of our project areas.

#### 3.10 Project "Tree Nurseries and Afforestation Oromia"

The expenses for this project are with CHF 590'954.12 at the long-term average level. Supported projects were the existing projects in Arsi highland, Rift valley and Weliso.

#### 3.11 Project "Water harvesting, Water pumps, River Diversions"

At CHF 80'404.32, the expenses are higher than in the previous year. The money was mainly invested in the construction of hand water pumps, wells and water pumps. In the Tigray region, a new river diversion was financed.

#### 3.12 Project "Tree Nursery and Afforestation Amhara"

The project expenses amount to CHF 542'984.67. The activities match the obligations form agreements with our sponsors Ecosia, Fondation Yves Rocher, and a private couple supporting the Green Valley afforestation project.

#### 3.17 Disclosure of Expenses following the ZEWO method

The ZEWO registration requires the calculation and disclosure of the expenses for projects, fundraising and administration. Using the ZEWO method from January 2018, the operating expenses are divided into these three categories as follows: CHF 1'674'900.76 "Project or service expenses", CHF 23'743.49 "Fundraising expenses" and CHF 39'765.48 "Administrative expenses".

#### 3.18 Allocation to and Utilization of restricted Funds

The total expenses for the individual categories of earmarked donations were higher than the corresponding donations received. The donors' regulations are therefore respected. In addition, the entire amount of CHF 160'000 from the 'Tigray Afforestation' fund was spent for new contracts with all Tigray projects from before the war of 2020. Of the CHF 304'000 from the 'Agricultural Input' fund, CHF 131'322.21 was spent.
